Waterproof Glue.

To make an impermeable glue, soak ordinary glue in water until it softens, and remove it before it has lost its primitive form. After this dissolve it in linseed oil over a slow fire until it is brought to the consistency of a jelly. This glue may be used for joining any kind of material. In addition to strength and hardness, it has the advantage of resisting the action of water.

Baptist Memorial to be Erected in Sutton.

Sufficient funds have been subscribed for the proposed monument to be erected at Sutton in memory of Rev. Jonathan Colby to warrant the committee in charge to award the contract and go ahead with the plans for

a suitable public exercise attending its dedication. The occasion marks the 100th anniversary of the erection by this early Baptist divine of the first church in Sutton; and the monument will be erected on the site of that structure.

It is proposed to hold these exercises on Saturday, June 8, in connection with the Quarterly meeting to be held there June 7-10. The program will include an historical sketch by H. A. Blake of Sutton, an address by Rev. W. A. Davidson, Burlington, and an historical sermon by Rev. A. W. Antony of Bates college, Lewiston, Maine.

The contract for the monument has been awarded to Fred Spencer of Lyndon, who guarantees to have it in position, suitably inscribed, in season for the unveiling. The occasion will be one of more than usual historical significance to the community.

Absolutely Free
20 Cent Can Chi-Namel Varnish

What is Chi-Namel?

An everlasting varnish, rich in Chinese Oil; contains no rosin or benzine; flows out perfectly; shows no brush marks or laps; requires little brushing.

Hammering, boiling water or heel nails cannot turn it white

What is Chi-Namel For?

To make old woodwork look like new.
To keep new wood from looking old.
To preserve its natural beauty.
To make wood water-proof, wear-proof, time-proof.
To brighten up old furniture, give new color and lustre and hide the white scratches.

What will Chi-Namel Do?

Stand more abuse and hard knocks than any ordinary varnish. Lustre, color and durability are not injured by boiling water or soap. A hammer blow that dents the wood will not cause Chi-Namel Varnish to flake or powder.

Colored Chi-Namel Varnish—stains and gives gloss in one application

Natural Chi-Namel—gives gloss without changing color

We do not ask you to take our word for the qualities of Chi-Namel Varnish. We will give outright to anyone who will buy a new 10¢ varnish brush with which to apply it and thus insure it a fair trial, a 20¢ size can from our shelf stock free.

It will cost you nothing to test the above claims.

20 CENT CASH COUPON

The holder of this coupon upon purchasing at our store a 10¢ varnish brush (1½ inch size) is entitled to select and receive one 20¢ can of Chi-Namel Varnish free; or the value of coupon may apply on the purchase of any Chi-Namel product.
